The
Environmentally
Friendly
Cryptocurrency

What is EverGreenCoin?

EverGreenCoin is a cryptocurrency that can be used in exchange for goods and services.

The EverGreenCoin currency itself is only the mechanism leveraged to nourish our more important focus, taking responsible care of our environment and the world we live in.

EverGreenCoin can be transferred around the world instantly, with near-zero in fees. This is regardless of borders and you do not need a bank.

EverGreenCoin cannot be manipulated by banks or governments; which gives the power back to the people.

EverGreenCoin is not only faster than Bitcoin; EverGreenCoin holders earn 7% annual network rewards.

Is EverGreenCoin Safe?

EverGreenCoin is a Proof of Work (POW) and Proof of Stake (POS) hybrid cryptocurrency. This not only makes it safe for all users, but for the environment as well. The POW phase has

ended. With POS, transactions can be secured with less electricity; thus not burdening the environment or our pockets.

Staking

POS allows EverGreenCoin wallet holders to earn 7% annual in a process called staking.

To stake or earn 7% annual network rewards, all you have to do is have an EverGreenCoin wallet on your computer that has EverGreenCoin in it, is fully synced, and is unlocked.

Marketplace

The EverGreenCoin marketplace is where customers and vendors from all over the world can have an exchange for commerce.

The marketplace accepts hundreds of different cryptocurrencies and PayPal.

Becoming a vendor is very simple on the EverGreenCoin website, submit a vendor request and you should be verified in less than 24 hours.

How to get an EGC wallet?

To get an EverGreenCoin wallet is simple and easy.

Go to
EverGreenCoin.org/download/

Next you will find which operating system and download that appropriate version.

Once again, the software is free and safe to use.

Once you have setup your wallet you can buy EGC directly from the website or start shopping.
